# NCY decision and update (Not Yet Competent)

The high school made a recommendation to the school board to use the overall grade as the measure to earn credit in a course for the 2018-19 academic year. The high school will continue to report on individual competencies and use the competency grades for recovery purposes. If a student fails an individual competency, they may still earn credit if the overall grade for the course is passing. The school board accepted this recommendation effective immediately.

# Parent Portal View-Grades and Attendance Tab

The screenshot shows the Parent Portal interface. On the left is a sidebar with navigation options: Grades and Attendance (highlighted with a red box), Grade History, Attendance History, Email Notification, Teacher Comments, Report Cards, School Bulletin, and Class Registration. The main content area has two tabs: 'Grades and Attendance' (selected) and 'Standards Grades'. Below the tabs is a table titled 'Attendance By Class'.
